**RENEWED PETITION UNDER 37 CFR §1.47(a)****MAIL STOP PETITION**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Responsive to the Decision on Renewed Petition under 37 CFR §1.47(a) mailed 23 Oct 2007 regarding the above-captioned patent application, Applicants respectfully submit a Renewed Petition under 37 CFR §1.47(a).

In response to a Notice to File Missing Parts mailed 8 January 2007 regarding the above-captioned patent application, on 10 April 2007, Applicants filed a Petition under 37 CFR §1.47(a) accompanied by the appropriate fee and three (3) Statements of Facts setting forth the bona fide attempts made to present a copy of the formal application papers to the non-signing inventor, Jinming Feng, for signature. The Statements of Facts indicated that the non-signing inventor refused to execute the

"assignment and power of attorney forms." As set forth in the 16 July 2007 Decision on Petition, the as-filed Declaration, which was executed by the cooperating inventor, Qingguo Xiao, complied with 37 CFR §1.497(a)-(b) and was accepted. However, because the Statements of Facts did not specifically identify the power of attorney form as being a combined declaration/power of attorney form identical to the as-filed Declaration, the Petition was dismissed.

On August 31, 2007, Applicants filed a Renewed Petition and submitted that the combined declaration/power of attorney form presented to the non-signing inventor was identical to the Declaration executed by the cooperating inventor. As set forth in the 23 Oct 2007 Decision on Renewed Petition, Applicants provided an adequate showing that the non-signing inventor refused to execute a declaration, satisfying this requirement for a grantable petition under 37 CFR § 1.47(a). However, because the as-filed Declaration identifies the non-signing inventor as Jinming FENG and the published international application identifies this inventor as Jinming FUNG, the Renewed Petition was dismissed. Further, as set forth in the Decision on Renewed Petition, if the inventor's name is Jinming Fung, then a newly executed declaration properly identifying this inventor must be filed with a Renewed Petition.

Applicants submit that the discrepancy between the name of the non-signing inventor indicated in the international application and the name of the non-signing inventor as it appears on the as-filed Declaration is the result of a typographical error. Thus, in response to the 23 Oct 2007 Decision on Renewed Petition, Applicants attach herewith a newly executed declaration identifying the non-signing inventor as Jinming Fung.

The foregoing submission is believed to meet the requirements of a Petition under 37 CFR §1.47(a), is submitted within two months with a request for reconsideration, and the Applicants await further action on the application from the Patent and Trademark Office.

Authorization is hereby provided to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 06-0308.

Should the Petitions Attorney have any questions or wish to discuss this Renewed Petition, a telephone call to the undersigned attorney would be welcomed.

Respectfully submitted,

**FAY SHARPE LLP**
